

Product Catalog

Posh Pile® Ultimate Luxury car mats were created by an avid car enthusiast. He travelled around the world to hundreds of car shows talking with other car guys. He noticed there were no high quality mats available for car enthusiasts and in many countries, replacement OE mats took too long to get from car dealers, so he created the **Posh Pile®**.

At **Posh Pile®**, we are car enthusiasts. It shows not only in our products but also in our customer service and our culture. Everything we've learned over the past decade is reflected in each product that wears the **Posh Pile®** brand. Our car mats combine the most luxurious materials and great workmanship.

This year, **Posh Pile®** is proud to introduce the **Posh Care®** car detailing accessories line, based on our founder's love of car detailing. **Posh Care®** offers car enthusiasts a variety of high performance detailing tools to be use with their favorite car care chemicals.

5th Avenue™ Ultimate Luxury Mats

Our very best, most luxurious car mats.

"Quality construction. Better than original equipment mats."
— a Posh U.S. customer

FAQs

Q How can I know if Posh Pile® mats will fit my car?

A Posh Pile® has an application guide on pages 10 to 16. For the latest up-to-date version, log on to our website at www.poshipile.com.

- Our universal carpet mats fit over 80% of vehicles tested.
- Our Weather Fortress™ rubber mats fit over 99% of vehicles tested.

Please understand that universal mats are designed to fit the majority of passenger cars, MPVs, light trucks, and SUVs. As such, they are a compromise and in some cases they can be a bit narrower than the original factory mat.

Q Do I need universal or direct fit mats for my car?

A It depends on your car.

If you have a car with a floor mounted accelerator pedal like MINIs or BMWs, then you need a direct fit mat.

Over 80% of today's cars have the accelerator, brake pedal, and clutch pedal hanging from the dashboard, so universal mats with the right "cut" can fit most cars nicely. Universal mats can save you anywhere from 30-80% compared to the cost of direct fit mats from a car dealer!

Q Why use Posh Pile® mats?

A Our mats will upgrade your interior by offering a thick, new luxury look. They also protect your interior from grease, oil, road tar, and even wear and tear.

Q Why do rubber car mats smell?

A Real rubber smells, but most rubber car mats aren't actually made of rubber. PVC is the most common rubber mat material, which sometimes can have a really strong odor. Posh Pile® mats do not have any bad rubber odor because they're made of advanced TPR, thermoplastic rubber.

Q What makes the best rubber mat?

A It's all about the material. PVC is the lowest quality, while synthetic rubber materials like TPR (thermoplastic rubber) are the highest quality available for rubber mats. TPR can withstand extreme temperatures and still hold its color and shape.

Q How do I trim my Weather Fortress™ mats?

A Simply use a pair of scissors, follow the trim lines just outside the raised lip for a great looking, custom fit mat!

Accessories

12-Volt CAR VACUUM (Part# 00100)

- Powerful, high-suction 12-volt motor
- Will not lose suction!
- 5-meter (16.4 ft.) long cord perfectly stretches from the dashboard to the trunk
